

Visitation, Prayer, & Pastoral Ministry for the MN Assemblies of God District  
Council Pastor Deedee Lindelien (Director of Pastoral Care) #20100

*“Praise be to the God and Father of our Lord Jesus Christ, the Father of compassion and the God of all comfort, who comforts us in all our troubles, so that we can comfort those in any trouble with the comfort we ourselves receive from God.”  
2 Corinthians 1:3-4*

Hello, I am Pastor Deedee Lindelien and I have the joy of continuing in my late husband, Carl Lindelien’s ministry of visiting with patients, comforting families, and doing many home ministry outreaches. In my lowest valley, God comforted me in a way that only he can. Because He comforted me, I want to show his love and comfort to others. I am available to visit the 22 metro hospitals, including Rochester Mayo, St Cloud, Brainerd, and anywhere in the state there is a need. I also visit and pray for individuals who are in long-term care, assisted living, and hospice care facilities and homes. Visits can also be made to people in State prisons, jails, and mental health centers.

Many of the visits and prayer times with patients and their families are with non-believers. Many of the outstate churches ask Pastor Deedee to visit with patients who have attended their church once or twice in their lives. I have the joy of leading people to Christ, during their health care crisis and care for the church people also.

Because we show God’s love to everyone and encourage them in their prayer times. It is a real honor to represent Christ, His Church, and the Pastors in our District. When we minister to the family, we also get to know the families well. I am available to officiate funeral/memorial services for families who are unchurched families. Additionally, I would be more than pleased to officiate events such as: weddings, baptisms, and baby dedications. I also love leading these families to churches in the area they live in.

We see supernatural miracles in people’s lives, including salvation, and physical, emotional, and spiritual healing. The Holy Spirit is always present with our visits and prayer times with people. We also visit home-bound people and believers in memory care facilities.

To the wonderful pastors of our district: One of my favorite parts of this ministry is being available to come share a message at your church when you are on a vacation or mission’s trip. I hope to be a blessing to the church and the pastor, while they are gone. As my late husband Carl would say, “I attempt not to make a mess in the church for the pastor to clean up when they return to the pulpit!” I also love to be available to Pastors who need to speak to someone confidentially about a challenge in their life. I will pray, and continue to pray, with them for God’s wisdom to help them with this challenge they are facing.
